Affiliation:

Country:

Organisational issues

I plan to attend in person in Athens

I plan to participate online

I plan to make an oral contribution

I agree that my name appears on the list of participants on the symposium webpage

I have read the declaration of consent and agree

Declaration of consent

I hereby consent that the necessary personal data for the organisation of the symposium may be stored and processed. I confirm that I am over 16 years old or that the custodian has given consent to use the contact and disclosure of the data. I have read the data protection information on the form. I know the right of withdrawal.

Data protection declaration for the registration

For the organisation of the “NMDB@Athens: Hybrid symposium on cosmic ray studies with neutron detectors” along with the name only business or organisational data (see form) are requested and saved for the registration. You have to agree to the data storage of the form and give your consent by clicking on the corresponding field above. After the symposium, all personal data will be deleted. There is no transmission to third parties. If you have given your consent for inclusion in the list of participants, then your name and your institution are open to the public through the symposium website. The organisation committee of the NMDB@Athens symposium is responsible for data processing.
